

HUMPHRIES' HOMER BEATS GLADWYNE

Veteran's Clout With One on Decides Contest. Mulligan Shines.

CLIMB TO THIRD PLACE

By John Uberti

Evidently Narberth has profited considerably from their two encounters with Hildale. Ed Bolden's rustic clan did not perform in vain when they tripped the locals in the mightiest slugfest of the season; they did, nevertheless, unloose an innumerable amount of canny tricks which turned out to be exceptionally educational to the pennant aspirants. Following Hildale's recent shady victory Narberth has emerged victorious in two contests; first, when they tied Blue Ribbon up in a knot and then climbing to third place by spanking one of the most dangerous obstacles in the Main Line League. Playing errorless ball the Walzermen avenged themselves of a close defeat earlier in the year when the invaders from Gladwyne shaded the localities by a score of 7-6.

Like the first encounter little Deegan was the big noise of the Gladwyne nine. The third baseman's two herculean nicks, one of which turned into the visitor's only run, and his two brilliant assists had the coming champions in a bad mood, for it was not until the fourth frame that they barely managed to jot down a point. Then from the fourth on Zip and Holstein pitched scorelessly, although each moundman fought desperately to hold their own.

Let's tell how the winning run was blasted! Vernie singled, but was chucked out on second when Roger counted on first from his solitaire nick. Humphries came to bat. Holstein bore down with vehemence, sending the twirl just where the veteran wanted it. As though rotated by an inevitable propeller the dented apple shot over center beyond the outfielder's dome and rolled about 15 feet before it was brought into submission. By that time Lindsay had trooped home and Hump was approaching third, beating the

COMMISSIONER APPOINTED

William D. Ridgway Succeeds Late D. F. Stout on County Board.

Announcement was made on Wednesday of the appointment of William D. Ridgway, of Bethayres, to fill the unexpired term of the late Daniel F. Stout, county commissioner. The appointment was made by Judge J. Ambler Williams.

Mr. Ridgway, little known in this part of the county, is a resident of the same section in which Mr. Stout made his home. He is a younger man, chosen possibly in line with County Leader Johnson's plan of injecting youth into the county offices.

The appointment came as somewhat of a surprise to political leaders in Lower Merion and Narberth, who had held a hope that a commissioner from this, the wealthiest part of the county, might be chosen. The hope that the historic situation of "taxation without representation" might be ended has apparently died another death.

CREDIT AND DELIVERY INCLUDED IN SERVICE BY LOCAL MERCHANTS

Many Intangible Benefits Also Are Direct Result of Home Buying Policy, Which Is Backbone of Community Support.

What do you owe your home town?

Whatever the bill is, none will be presented to you for payment. The debt is an intangible one, no matter how large it is. If you do not realize the size of it, nobody will try to tell you. You know what Narberth has done for you, and you know better than anybody else what you ought to do for the town.

For instance, there are the schools. Everybody pays toward their support in proportion to his ability to pay. They are open to all the children, and by their precept and example they are helping your boys and girls to their place "in the sun." Schools bring to the young a bigger share of life, and set before them the high ideals of our democracy.

The church is another institution that makes community life pleasant for every member of the family. It stands for a better community all around. As the word is used here it refers to all creeds, and is in no sense to be

considered in its sectarian or denominational significance. Pastors are leaders in all good causes, and they rally their congregations to civic wholesomeness in the life of the community.

Happiness and contentment bring about also a rich, social life. You get together with your neighbors in moments of relaxation from your day's toil and enjoy intercourse with them. Clubs and organizations unite you in bonds that hold you together for one purpose or another.

A score of other things might be mentioned, but space forbids. For instance, there is the library, with its rich storehouse of the best in the world's literature. Also, there are the material things that minister to the comfort and well-being of the people. Among them are asphalt streets, concrete sidewalks, corner lights, police protection and a fire department; electric lighting for the home, gas to make kitchen work easier, water, sewer and similar improvements and conveniences.

NARBERTH TIES UP BLUE RIBBON CLUB

Mulligan's Fielding and Prowess at Bat Outstanding as Locals Win.

WAS AN EASY VICTORY

By JOHN UBERTI

Slugging unmercifully but with unique precision, the local nine tripped Blue Ribbon by the gruesome mark of 11-2 last Wednesday. Walter Master stood on the hill for Narberth outpitching Sterling 10 hits to two and also displayed fine stick wielding as he garnered two bingles. Johnny Mulligan and Roger Lindsay also had two swats each, the former's services afield aiding materially in the visitor's downfall.

The Walzermen scored in every frame save the curtain-raiser as Blue Ribbon surprisingly took two in the fifth and closing frame. Undoubtedly, the tourists heard sweet music when the umpire called the game off on account of darkness for it would have merely been batting practice for the local champions had it gone the limit.

Both clubs hung up goose eggs in the opening chapter and Narberth began scoring in the following inning with three runs. Roger singled as the rightfielder failed to make a one-handed catch of his skyrocket and Master got on from his well placed bunt and stole second. Joe McMonagle, fleet-footed star, sprinted around for two bases allowing Lindsay to coin in the first run. With Davis on the bench, Bob Martin sliced Sterling's third heave for a double permitting Walt and Joie to tally three, but was immediately put out when caught dozing on second. Mulligan crashed a terrific blow which glanced off the pitcher's chest and out into center field allowing him to make the primary sack. Mike took too big a lead and was forced to run for second as Sterling threw to first, playing the varsity shortstop back and forth resulting in a lucky break as the guard on the Keystone cushion missed the first basemen's wild toss. Gillespie hit high. Three runs, four hits, one error.

POLICE VIGILANT

Ting-a-ling, ting-a-ling, went a phone bell. Time, 2:30 A. M. "Hello," said a drowsy voice after a sufficient interval. "Is this the proprietor of the Narberth Electric Shop?" inquired a voice with a distinctly Irish accent. "It is," the drowsy voice replied. Whereupon the Gaelic voice proceeded to inform Mr. Case that his store was unlocked. Which speaks well for the vigilance of the police force as a whole, but not so loudly for the individual intelligence of its members when a man is awakened out of a sound sleep at 2:30 A. M.

POLLS OPEN SOON FOR REGISTRATION

Registry Assessors Will Sit at Polling Places on September 4 and 5.

LIST QUALIFICATIONS

Registry assessors it was announced this week will be at the polls on September 4 and 5 from 11 A. M. to 4 P. M. and from 7 P. M. to 10 P. M., to register all voters of the borough not already on the list. The assessors this year are Mrs. E. H. Cockrill, Mrs. H. Murray and Mrs. Mary Livingston for Districts 1, 2 and 3, respectively.

The polling places for the three voting districts are as follows: District No. 1, the fire house; District No. 2, Narberth National Bank; District No. 3, Boy Scout house (south side at station). If any residents are in doubt as to which district they live in, the easiest solution is to go to the nearest polling place where they will be redirected if at the wrong one.

As this will be the last opportunity to have names put on the voting lists for the November Presidential election it should be the duty of every citizen (male or female) who is over 21 years of age to see that he or she is properly enrolled.

The qualifications of a voter are as follows:

They must be 21 years of age. They shall have been citizens of the United States at least one month.

They shall have resided in the State one year (or having previously been qualified electors or native-born citizens of the State, moved therefrom and returned, then six months), immediately preceding the election.

They shall have resided in the election district, precinct or division, where they offer to vote at least two months (not 60 days) immediately preceding the election.

If 22 years of age and upwards, they shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the November election or any time before the primary election.

If over 21 years of age and less than 22 at the date of election they can vote without having paid a tax by making affidavit as to their age and if residing in a city having been

PREPARE NEW SERIES

Narberth Building and Loan Association Active.

Over \$10,000 is being paid out this week by the Narberth Building and Loan Association, covering the maturity of their 33d short term series. They are also getting ready to open the new 46th series in both the short and long term at their regular meeting on September 7.

Thomas C. Trotter, Jr., the very efficient secretary of this association, has been taken ill while away on his vacation in New England, and at the last meeting of the association Carl B. Metzger was appointed acting secretary until Mr. Trotter's return.

The August meeting was held in the rear room of the first floor of the remodeled Elm Hall, and there have been many favorable comments from the stockholders on the meeting place of the association, and it is hoped that arrangements can be made so that this room will be the permanent headquarters.

Arrangements can be made at either of the banks to take care of subscriptions for the new series at the September meeting. The entrance fee is 25 cents a share and the dues \$1 a month for each share in the long term, maturing in about 11 years and two months, and \$2 a month for each share in the short-term series, maturing in about six and one-half years.

Checks can be made to the order of the association and sent by mail on the first of each month, so that it is not necessary to attend the monthly meetings of the association unless the stockholder desires to do so.

Further announcement about the new series will be made next week.

Station Tunnel Flooded by Heavy Rain Friday—Confusion Resulted

MARTHA METZGER GRAY

Former Resident Dies at Portland Following Appendicitis Operation.

Seldom have the hearts of the people of Narberth been so touched with sorrow as they were this week when word came from Portland, Me., telling of the death in that city of Mrs. Martha Metzger Gray, daughter of Mr. and Mrs. Carl B. Metzger, of Gilpin road, and wife of J. Calvin Gray, formerly of Philadelphia.

Although she was born in Shammokin on November 18, 1907, Mrs. Gray lived practically her entire life in Narberth. Here she spent her childhood, attended school, was graduated from the Lower Merion High School, became a member of All Saints' P. E. Church and grew to young womanhood. And here, just a few months ago—on April 18, she was married.

She had a host of friends—which was natural enough, for she was a bright and friendly sort of a girl herself, and her cheerful and animated spirit made it a pleasure to meet her at any time.

Following their wedding Mr. and Mrs. Gray took up their residence at Wolaston, Mass., a suburb of Boston. Mr. Gray is a technical representative of the Victor Talking Machine Company, in charge of the upper New England territory.

Mrs. Gray became ill a week ago last Wednesday while on her way to Portland to join her husband, who had been called away to that city on business. She died last Monday in the State Street Hospital, Portland, following an operation for appendicitis. Her husband and her mother and father were with her during the last days of her illness. She is also survived by a sister, Miss Cynthia Metzger, and a brother, Carl B. Metzger, Jr.

The funeral was held Wednesday afternoon at her parents' home, and in the absence of Rev. Gibson Bell, rector of All Saints' Church, the service was conducted by Rev. R. E. Charles. Atherton B. Lane, Henry Kunt, Maron Miller, J. Herbert Burrell, Van Lear C. Cirill and John Coolbaugh were the pallbearers, and interment was made in a receiving vault at West Laurel Hill.

KANZINGER IS SPEAKER

Ardmore Pastor Talks on Boys' Work at Balcynar Rotary.

Rev. Albert C. Kanzinger, pastor of St. Paul's Lutheran Church, Ardmore, was the speaker Tuesday at the weekly meeting of the Bala-Cynwyd-Narberth Rotary, at the Cynwyd Club. His topic was boys' work.

Dr. Kanzinger, who spoke under the direction of the Boys' Work Committee, of which Dr. R. M. Staley is chairman, drew from long personal experiences to illustrate his talk. The theme dealt more with the personal relation of man to boy than with organized work in this field.

Companionship with the growing boy was stressed by basing the speech on the subjects of Patience, Action, Love and Sympathy, forming the word "Pals" which, the speaker said, is the keynote of the proper relationship with boys.

He quoted incidents of intelligent and sympathetic advice and its effect upon the careers of particular boys. The handling of sex education, vocational guidance and the like, were stressed.

CONTINUED FROM LAST WEEK

At the top of the main stairway and adjoining the council chamber is the permanent office of the superintendent of public works, George B. Suplee.

A wide entrance lobby is found at the head of the stairs with Mr. Suplee's office, council chamber and Elm Hall opening from it.

On the ground floor there are fewer startling changes to be found though here, too, one may well wonder just what happened. The engine room, as stated above, has a

The heavy rain accompanying the storm of last Friday was particularly obstreperous. It not only formed the usual pool on the playground, but also made itself a public nuisance in another way by flooding the tunnel at the station connecting the north and south sides of the station platform.

By 7 o'clock in the evening the two bottom steps of the tunnel were under water, making the depth about a foot and one-half. With this passage blocked people were shunted over the tracks or around the Narberth avenue bridge, causing confusion as well as annoyance.

It is rumored that one of the colored men employed by White's Sweet Shop, who has the habit of waiting till the train has pulled into the station to make a dash through the tunnel and land on the last car, saw the error of his ways Friday night. Waiting till the last minute as usual, then dashing into the tunnel and landing up to his knees in water, this dorkie decided that there was no use turning around then, so he plowed through the flood, much to the amusement of bystanders.

The Pennsy has sent men out to confer with George B. Suplee, superintendent of public works, to devise methods of prevention in the future. Planks were laid down in the morning to aid commuters, and bailing finally removed the water.

The flood on the playground is due to the backing up of water in the storm sewers in the vicinity of the playground which is ordinarily carried off by the creek flowing along the western side of the borough. After a heavy rain the creek rises and is unable to hold the additional water which usually would be carried off from the storm sewers. So instead of flowing into the creek this water backs up over the playground, forming a pool, to the delight of most of the small boys and dogs in town. After the creek subsides, however, it is not long before the water on the playground is drained off.

The usual rivers were also in evidence on Haverford avenue, though the new sewer at Forest and Haverford worked to perfection in draining off the erstwhile ponds.

Recruits Wanted For New Bala-Cynwyd-Narberth Post.

Veterans of United States foreign wars are invited to attend a meeting of the new Bala-Cynwyd-Narberth V. F. W. post to be held Monday evening in the Cynwyd fire house. At that time it is expected plans will be made for a name and permanent organization of the post, whose temporary officers are Daniel J. Hickey, commander, and Frank Lyons, adjutant.

William Super, Narberth, is sergeant of the recruiting committee, assisted by Charles Haywood and Alex Betus, Narberth, and H. H. Sherbondy, Herman P. Dolan and Morris Hoff, Cynwyd.

LENGTHEN PLATFORM

An addition of about 100 feet is being made to the station platform on the south side of the tracks this week. It will be similar to the extension on the north side at the same end with concrete sides and gravel in between. Perhaps this is a prelude to bigger and better "Paoli locals."

A Suggestion

To Our Banks

A few months ago we dropped in at the office of one of the local banks in which we have a business account. We wished to cash a check against an account in a neighboring bank, where the family funds were stored.

Examination of pockets revealed the fact that we lacked a blank check on the neighboring bank and we asked the teller for one. "We do not carry checks of any other banks," he said. "The best we can supply you is a blank check you can fill out as you wish."

Curiosity compelled us to make the same request at several other Main Line banks, with the same result. At the time we thought such a service would be of real convenience to depositors, but forgot the matter.

Last week, in Toronto, we dropped in at a bank to cash a traveler's check. At several places along the walls were racks with supplies of blank checks from many neighboring banks. At three banks we found the same service, and noted that customers were making good use of it.

Need the Main Line follow Canada in such a matter? There are hundreds of local residents who maintain accounts in more than one Main Line bank, or in city institutions as well as those near their homes. Often a man finds himself without a blank check to draw on a foreign bank.

Would it not be a courtesy, and a real service, for our friendly and progressive Main Line banks to display racks of checks from the larger Philadelphia banks and the other Main Line banks and trust companies? The expense of racks would be small, and a day's travel on the part of a clerk would supply the stationery.

We do not believe it would draw business away from the bank offering the service. Rather it would encourage the use of our well-equipped companies in greater measure by people residing on the Main Line.

ELM HALL COMPLETED

Continued from the first page.

Alongside are large scale maps of Narberth Borough and Lower Merion Township. The mechanism of the system will be described in a later issue.

The club room retains its former appearance to a large extent, with the exception of a slight decrease in size and the removal of the posts which so effectively cut off the view.

The new addition on the rear is also one of the significant features of the building. It is fairly small as halls go, being about one-third the size of "ladies" upstairs, and is very attractively decorated with green woodwork of a pleasing shade and roughened plaster walls of a light cream color. A well-lighted kitchen adjoins it as well as a cloak room. The entrance is from the sidewalk leading in on the left of the building. This hall will be rented by the fire company to some organization in the town.

On a legend placed on the facade in a reveal of green one reads the bronze letters "Narberth Fire Co." While at the righthand corner of the building is a stone bearing the dates 1898-1928, which was placed in position with appropriate ceremonies on Memorial Day of this year. At the cornerstone turning Trislan B. DuMarais, president since founding, rehearsed briefly some of the high lights in the company's history. A document containing the names of the charter members of the fire company, its officers in the early days of its history and other interesting information was likewise deposited in the cornerstone. shortstop's relay to the plate.

Indeed Gladwyne has realized that in order to exit triumphantly, a strong reserve must be brought along. In former years, when Gladwyne and Narberth battled for baseball supremacy, Henry Vogel had been in the limelight by his superlative slinging, but in this encounter the boys-from-away-out came prepared. Holstein was sent in with the idea replacing him with the mighty Vogel, who occupied the dugout throughout the fracas, but considering the fine work the newcomer was displaying, the boys thought he had better finish it out. Besides this, four new features sat idly waiting for some pal to go into a slump. With all this against them, Humphries extricated the man on the hill from all trouble as he tapped the ball out for his clean-cut circuit clout.

But still the Narberth gang could not scan the remainder of the game unrestlessly, for at the end of the ninth chapter the Narberth Ball Club received a record-breaking ovation. This was the cause of immense applause. A youngster by the name of Hicks took a walk. Shorty Deegon got on when Babb dropped his sky-rocket and Sutton strolled filling the bags. When Wood elevated Zip's curve to Humphries 500 showed their approval, but when Mr. Stevens hoisted to Johnny (Mike) Mulligan permanently retiring hostilities the great crowd went into an uproar; why shouldn't they? Had not Narberth vanquished one of the most dangerous and strongest aspirants to the High Seat?

Deegon started the second inning with a vibrant double and Gillfillan made a wonderful catch of Humphries' wild throw retiring Sutton. Wood singled to center bringing in the leading stickman. Stevens popped to Zip and The Vet tallied three outs as he chuckled out Scull. One run, two hits, no errors.

With Gladwyne leading by one point, a decisive one at that, Narberth had the frenzied throng in the air when they dived the invaders' performance of the second. After Humphries walked, Babb sent a whizzer to left and the Varsity shortstop crashed a one-bagger to the same position shipping in Humphries. Long and Gillespie were chuckled out. One run, two hits, no errors.

Zip allowed five spaced-out nicks and Holstein was slaughtered for three more. Mulligan was the brilliant adonis afield; Long starred on the peak, while Senior Humphries was one of the big luminaries with the bludgeon.

THE MAIN LINE BANKING INSTITUTION

A Double Relationship---

THE Merion Title and Trust Company, as a business institution, has two distinct relations—the one to the Country, the other to the Community.

As a part of the credit machinery of the Country, its duty is to promote the general exchange of goods and money.

As the Main Line Banking Institution, it extends services of many kinds to the Community—depositing, borrowing, investing, guarding and apportioning Estates, conferring with heads of business in an advisory capacity, and many other services.

Its responsibilities are many and the confidence which it enjoys is jealously guarded.

CONTINUED FROM THE FIRST PAGE

After Gillfillan missed three in a row, Humphries reached second when the maskman failed to grip the third strike and threw poorly to first attempting to retire the veteran Lindsay combed a swift roller to center admitting Humphries who had purloined third. Roger failed to reach third and Master birtched one out to right for a single. Mac walked and Gene let a wild heave go by as Master made a sensational dash for the pentagon. Davis surrendered on strikes. Two runs, two hits, two errors.

O'Neil was sent in to hurl the fourth, but proved a flop as Narberth romped away with six runs. The man behind the mask again muffed the last strike allowing Martin to get on first. Mulligan smashed a grounder to center and Gillespie filled the lanes. Martin beat out Sterling's toss to the plate and at the same time promoting Mike and Johnny. Gillfillan dented the apple to the right field foul line for a double forwarding Mulligan and the Villanova star. Gilly was winged on third as he attempted to repeat Walt's feat and Humphries quit. Lindsay walked and Master knocked a single out to left. Joe clouted a curve to the highway and Blessing, pinch-hitting for Davis, took a walk, forcing in Roger. Martin doubled to left field scoring two more runs as Blessing lost out on third. Six runs, six hits, two errors.

Having watched Narberth roll up such a one-sided score, Blue Ribbon, thinking it about time to do something, managed to get away with two pointers as the sun gradually submerged into the west. After Kennedy got on, Gangor lofted to right. Sterling doubled to the same location giving his pals the first run as Kennedy crossed the final plate. Kane sacrificed Gangor home and the man from Little Italy permanently retired hostilities from his hoister swat. Two runs, two hits, one error.

POSTOFFICE PLEAS

New Building Causes Favorable Comment in Borough.

A brand new building with familiar faces greeted Narberth residents last Monday morning when the new postoffice opened its doors. "Removed to 109 Essex avenue" read a notice posted on the door of the old building and around the corner went searchers for mail.

"Fine, except for the walk," was the opinion expressed by the majority of citizens upon the new home of Uncle Sam's representative. The slight inconvenience to some is more than justified, however, by such a building. Ad-

miration has been expressed for the ample space devoted to mail boxes and the new equipment.

The growth of the Narberth office in recent years has made possible this new and up-to-date building, which was provided by Joseph P. White and leased to the Government for 10 years.

ROAD SUGGESTIONS

In a few weeks the leaves will be falling from your trees and the average person's desire will be to dispose of them in the easiest and quickest manner (that is human nature). But don't burn them on your driveway if it is of asphalt construction (or tar, as you may call it). To do so will burn and kill the life of the asphalt and your repair bills will soon be coming due.

If your drive needs repairing have it done while the weather is warm and suitable for road work. Or if it is a new drive or new surface only, there are many types to choose from. MAY I HELP YOU?

Librarians Away on Vacations

The library has not failed all summer to keep to its regular schedule of hours, nor to maintain its standard of service, nor to furnish its patrons with new books, even though members of the staff have taken vacations lasting from two weeks to three months. Fortunately Eugene Gilroy, of Essex avenue, who has been taking the library course at Columbia this past winter, returned to his former Friday night desk at the Narberth Library, and Miss Clara Follette, who is studying for a degree at the University of Pennsylvania, found time for a second season also to take a desk on Friday night, while Miss Marjorie Carson, recently graduated from the university, contributed service all summer at various desks and in ways too numerous to mention. Without these valuable and valued assistants the work of the library would have been seriously hampered.

Miss Anna MacKeag, president of the Library Association and in charge of the library on Friday nights, left in June for Ocean City to be away until October, and with her was her sister, Mrs. William Goodall, herself a valued member of the staff. Mrs. Robert H. Durbin, of the Thursday group, was at her cottage in Avalon for the month of July. Miss Ida Buckman, of the Friday night group, is spending the summer in the Pocomos, while Mrs. E. H. Cockrill, of the same group, leaves this week with her husband for a motor trip.

Of the clerical workers Mrs. C. D. Davis is motoring with her husband to divide the time between Kingston, New York, the home of Mr. Davis, and Marblehead, Massachusetts. Mrs. Davis' former home, Mrs. Drew, chief cataloguer, and Mr. Drew are now on their way in their car to New Hampshire and Vermont.

Mrs. Harry Derby spent her three weeks in her former home at Bridgeport, Connecticut, and Mrs. C. T. Faries left in July for Ogunquit, Maine. Another member of the staff who is now in Maine is Mrs. Harvey Harmon, who is at a camp near Bangor, where her husband is an instructor. Mrs. A. L. Horst and Mr. Horst spent their vacation in Ephesus, Pa.

Quebec and Montreal claimed two members of the staff during the same two weeks, each missing the other by about one day. Mrs. Clifford Bates and the family motored to Maine, and then to Quebec and Montreal, while Mrs. Robert F. Wood and Mr. Wood left on the Shawnee of the Clyde Line from New York for Halifax, and then to the St. Lawrence River to Quebec and Montreal, returning home by Lake Champlain and Lake George.

Other members of the staff have been on short trips not yet reported and are planning still others as fall comes on. Fortunately the greater number of the staff are now at home for the winter and the library welcomes their coming.

QUOTE LOCAL OFFICIAL

"Record," Seeking Opinions on Tilden Case, Interviews W. D. Evans.

In view of the deal of talk and discussion of late on the Tilden case and amateurism in tennis generally, the "Philadelphia Record" has inaugurated a series of interviews with prominent Philadelphians who are conversant with the situation. Wednesday the man interviewed was W. D. R. Evans, of 209 Price avenue, secretary of the Middle Atlantic States Tennis Association and a member of the national amateur rule committee, and for many years president of the Narberth Tennis Association.

In regard to the latest move, the telegram broadcast throughout the country by Francis T. Hunter, second ranking American player, in an effort to have the trial of Tilden postponed till after the present season was over, Mr. Evans said:

"I think that Hunter is acting very foolishly in taking this stand and trying to arouse public sentiment over the affair. Whether or not Tilden will be judged guilty or not remains to be seen, but there is no possibility of calling off the meeting of the executive committee at this late date, and furthermore, even if possible, I think that this is a question which should be settled as soon as possible. Delay is not going to help the matter in the least, and the sooner it is settled one way or another that much better off the game and those who play it for pleasure will be."

Judging from this the "Record" comments, the rank and file of those who follow tennis are not going to take a flying leap into the cause of having Tilden's case postponed indefinitely.

It is naturally interesting to know what Mr. Evans, a member of the national amateur rule committee, has in his mind as an amateur, and the veteran Narberth club official says that, in his opinion, the game and the pleasure of playing it alone make the strict amateur.

When questioned about the Tilden affair, he said, "I attended the meeting in New York where the matter was first brought before the tennis officials in the form of Dr. Hardy's protest. Without a doubt existing in my mind I am sure that Tilden's actions were a direct violation of the rule, though, of course, it is impossible to say what the executive committee will decide at its meeting in New York on Friday."

"For the good of the sport and to help out the youthful players who are now coming along to take the place of the stars of today, it is best that a violation so boldfaced as this one should not be overlooked; otherwise there would be no means of control. I think it mighty sad that he should have taken this time to break the rule which he knew so well. Just when he was about to retire. This affair will cloud his reputation in the minds of a good many people and his real efforts to boost the game will be forgotten."
